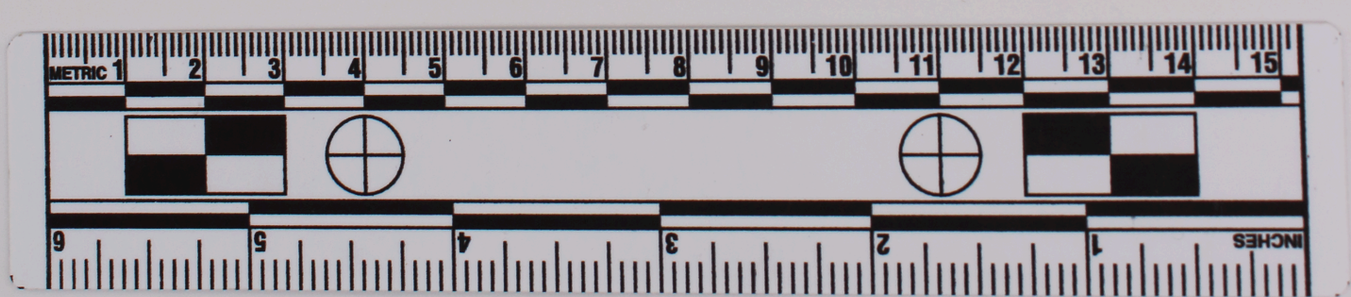
~~Ac~~ rec. June 16-30

Honolulu H. T.
June 6 1920

Dear Alice:—

Your welcome and interesting letter received, yours is the first one I have gotten at this address, it seems like the mail is very slow in coming.

Did I write you in my last letter how sick I got on the boat? if so I'll write it again, the first day I only had a little headach but O! the second I was never so sick in my life the ship rocking and my stomach rolling.



Yesterday we made our first flight with the balloon Capt. Felt and a Major went in it, such a time as we had with that balloon, the wind was blowing at the rate of about sixthy miles an hour, the balloon would make a stright lounge for the ground then go up with a lounge, if anybody was scared Capt. Felt was.

As much good, as I had to write about our barracks in the my other letter, that much less I have to write about them now, we are now living in tents, the wind blows and the dust flyes thro the tent and everthing gets so dirty, the dust around the camp, is almost knee deep.

I can't get the other boys started to write that letter to the C. E. but I'll try again and if they don't do it, I will myself.

There is one of the finest beachs in the world, here (Waikiki) it is certainly a fine place to swim, but the water is rather salthy and the salt don't agree with me very much.

What do you want for your birthday?

Tell Rev. Thomas I am going to Church, and always will as long as there is a Church to go to

It is now almost time for the lights to go out, and I will have to close.

As ever, a true Friend

Carl Albers

P. S. Excuse this stright writting the paper is crooked or I am.
